

KEEP ROOKWOOD GREEN

Have Your Say!

 Warnham Reserve

 Proposed Rookwood development by Horsham District Council

Horsham District Council proposes to build up to 1,100 high-density homes, up to 5 storeys high, on Rookwood Golf Course together with a new junction on Warnham Road.

This proposal will significantly impact residents, visitors and especially Warnham Local Nature Reserve.

Once this public green space is lost, it is lost for ever!

What could I say?

More ideas, news and information at
keeprookwoodgreen.org

1. Protecting our future

- It is the duty of this generation to protect green space for future generations
- We want HDC to play its part fully in protecting our environment and ecology
- We need to safeguard our green lungs

2. Losing our amenities

- Green space is essential for good physical and mental health
- Opportunities for golfing, dog-walking and jogging will be taken away
- Horsham's population is increasing but HDC is reducing our green space

3. Endangering local wildlife

- The Nature Reserve's wildlife corridors will be severed and the reserve isolated.
- Light and noise pollution will inevitably disrupt wildlife and Reserve visitors
- Cat predation will decimate birds and smaller mammals on the Reserve
